Quantec Display Interface

Part No. QT615S

Overview

Allows a QT608CD1S large corridor display to be connected to Quantec via an RS232 serial interface lead (supplied with the large display).

Mounts on a standardUK 20mm double gang flush or surface back box.

The data connection to the large display is monitored. If this is disconnected or the large display is switched off then the QT615S appears as Missing on the Quantec controller
