- Multi-user function
- It can be configured remotely via gateway or locally via CAME KEY.

## Dimensions (mm)

## Operational limits

MODELS	806TS-0310
Max. range of radio (m)	50 ÷ 150

## Technical characteristics

MODELS	806TS-0310
Combinations	-
Radio signal frequency (Mhz)	433,92
Battery type	1 CR2032 Lithium
Operating temperature (°C)	-20 ÷ +55
Material	Polycarbonate
